Surveyor.—  
**J. E. NORTH.**  
For Supervisor Districts 6 and 7.—  
**WILLIAM NEWMAN.**

**MASSACHUSETTS** republicans in state convention on the 3d inst. declared for the re-nomination of Roosevelt for president.  
Two hundred cases of typhoid fever were reported at Topeka, Kansas, recently. The epidemic is ascribed to the impure water, following the floods last spring.  
Reports from western Kansas state that wheat elevators are filled, and thousands of bushels are on the ground along the railroad tracks. Like conditions unknown before.

**THE** largest watermelon patch in the world is located in Scott county, Missouri; it contains ten acres and yielded this year 1,000,000 melons. Benjamin F. M. Marshall is the owner.  
**TWELVE** hundred schools in Porto Rico were opened one day last week and 60,000 pupils were received. Three times that number of children were enrolled and the struggle was very great.

It is claimed that the average price of coal at the mines in Colorado and Wyoming is about \$13.30 a ton. Nebraskans pay from \$5 to \$8 a ton. A great number of our people would like to know how the difference is distributed.  
**R. J. STINSON**, republican candidate for district judge, has been practicing law in Dodge county for fifteen years, and is looked upon by his fellow citizens of Fremont as a man of clean, moral habits and one who will preside as judge in a just manner.

**ALMOST** every one who is in the habit of attending political meetings remembers having heard orators on the stump make the declaration that the removal of the duty on foreign coal would reduce the price of fuel and break up the coal combines. Has it?

**WILLIAM SMITH**, one of the old settlers of Platte county, who is making the race for treasurer of the county, is a man of temperate habits, cautious and conservative, successful in his business, that of farming. Give your vote to Mr. Smith and you will not regret it.

**THE** government has made a call for teachers in the Philippines, and an examination will be held October 19-20 in various cities for any who wish to apply. There is immediate need for 150 male teachers who will be given wages ranging from \$900 to \$1,200 per annum.

**JUDGE HOWARD**, the credit editor of the Columbus Telegram, who has been howling "clean campaign" pulled the stopper from his mud bottle last week and proceeded to turn it on Judge Barnes. Mad throwing seems to be the only campaign the democrats can put against Judge Barnes.—Madison Chronicle.

**THE** Central City republican remarks that it has been receiving some interesting communications in regard to the bucket shop and get-rich-quick evils, but what is bothering it most is the exactions of the ready print trust in Nebraska, which has the country publisher down, and is sinking its knee into the pit of his stomach.

**ONE** of our exchanges in the south part of the state standing up for Nebraska, the situation is summed up like this: "The crop of wheat and oats is a record-breaker; the yield of grain is unprecedented; the corn crop is fair in spite of flood and frost, and there are more hogs, cattle and sheep now waiting for market than ever before in the state's history."

**THE** Jews of Lincoln have been celebrating the tenth day of the year 5699, according to the old Jewish reckoning. Thursday was a day of fasting and this lasted throughout the whole day, the members of the faith remaining at their respective churches and spending the time in self examination and confession. The last ten days were spent in much the same manner but with not such severe self restraint.

**PROF. I. H. BRITTELL.**  
Prof. I. H. Brittell, the republican candidate for county superintendent of schools, is a man especially well fitted for the position of overseer of the education of the many hundred children in the country schools in their educational advancement, which is left, by virtue of his office, to the county superintendent. Prof. Brittell has an excellent record as teacher, as a man of highest moral standing, as an untiring worker in whatever he has to do, and any one who is acquainted with him will not doubt for a second that the office would not prosper under his charge. Although Mr. Brittell may be claimed as a Platte county man, having taught in the county since 1894, he has been too busy to make the acquaintance of but few outside the school room. It is a fact, however, that one-half of the teachers now employed as such throughout the county, have received their best years of school training in the high school under Prof. Brittell's efficient training. The high standing of the teachers of the county today is largely due to his work in the high school, for the last years of school life of the young people gives more of the character to their first years of practical work, than many years of previous study, and the girl or boy fresh from the high school almost invariably uses the methods and discipline taught by their last instructor, for their own school room.

Prof. Brittell has taught in Platte county since 1894, his first school being in district No. 47, which he served for two years. He then taught in district No. 63, and in 1891 was elected to a position in the Third ward school in Columbus. For twelve years past he has been in the high school, most of the time as principal, which, next to the superintendent's position is the most difficult place to fill in any city school.

The position of superintendent should be kept entirely from political influence, and the voters should consider only the best interests of the children, whose future success or failure depends largely upon the teacher who is placed over them and who, in turn, can not make the best progress without a competent superintendent back of him.

Mr. Brittell has had twenty years' experience of actual school work in this county, and besides the school room experience, he has taken extra courses of studies in universities during summer months, thus keeping in touch with the constantly improving methods in educational lines.

**THOMAS HOWARD.**  
Mr. Howard, of Lindsey, republican candidate for county clerk, is gaining votes every day, and the chances for his election are good. Those who know him are convinced that he is the man for the office, and to those who do not know him, we ask that you read the following sketch of his life and consider if he is not worthy your suffrage.

Mr. Howard was born May 9, 1848, in Athens county, Ohio. At the age of fifteen years, in July, 1863, he enlisted in the 63d Ohio infantry, and served his country well as a soldier to the end of the civil war.

In 1895 he crossed the "plains," going to Colorado where for twenty-two years he engaged in mining.  
Mr. Howard came to Platte county in 1888 and settled on his farm one mile south of Lindsey where he still resides. Besides conducting his farm he is engaged in the buying and selling of grain. He is a man of good common school education, and has an abundance of good practical knowledge of business and farming, which are necessary adjuncts for a county official.

Mr. Howard is a temperate man in his habits, but not a politician. His friends say of him that he "attends to his own business, and is a modest man in his actions and living."

A man of Mr. Howard's type makes an excellent officer and you will do well to use your influence in his behalf.  
In all probability the question whether the regents of the state university should furnish text books to the students of that institution at cost, will be injected into the campaign and the candidates for the regency will be given an opportunity to state their position, says the Omaha Bee.

The parents of the students are deeply interested in the matter, and as it is too late for the present regents to do anything this term, it is more than likely the candidates will be called upon to tell what they intend to do about it if elected. C. S. Allen of Lincoln, one of the republican nominees says: "I have had no opportunity to look up the law in the case, though I know the statutes contain a provision that the regents of the university should furnish text books at cost. If no appropriation has been made for them to do this, and they should attempt to use the temporary university fund, then of course the matter would be up to the auditor to say whether he would issue the warrants. If such a plan on the part of the regents would be for the best interests of the students and it could be legally done, then of course I would be in favor of the regents furnishing the books. However, I have given the matter no thought whatever, and am not familiar with the provisions of the law, and neither have I investigated to see the good points of such a scheme."

The latest Nebraska oil news comes from Portal, a small station near Papillion. It is said the water in some of the wells cannot be used because of its oily condition. During the Portal boom, about fifteen years ago, some private parties made borings on a small scale, but owing to the scarcity of money, the matter was dropped before any results were obtained. The question is being agitated of organizing a company among the citizens of Portal and neighboring towns for the purpose of raising the necessary funds to push the work at once. Rumors are that the Missouri Pacific intend to try and locate the oil and will begin as soon as they are convinced the oil is there.

**JOHN HADLEY** of Fremont has sued the Standard Cattle company for \$15,000 damages for a broken leg. He alleges in his petition that a year ago last August he was driving a team for the company and was directed by the foreman to pass out on a narrow road and let a horse pass. The wagon overturned and he fell underneath, breaking his leg and otherwise injuring him to the extent of \$15,000.

**RAILROAD** men who thought the car shortage would be remedied and that a congestion of freight would be averted are beginning to look sideways at the blockade proposition and wonder how they can squeeze through the winter months the Lincoln Star. They would much prefer that the farmers and stock raisers would keep part of their products at home and reserve them for shipment at some future time. The conditions are really alarming and not without cause. The shipments are being made with unprecedented regularity and the roads are utterly unable to handle the supply. The trouble is not confined to a few roads, but all of the lines west of the Missouri river are suffering from want of rolling stock. In Kansas, where the grain and corn crop has been better than for years, grain is piled on the ground at many shipping points and the roads are unable to furnish cars. In many places the farmers are building bins as fast as they can thresh the grain.

A DESPERATE hand-to-hand encounter with an armed inmate man, who was determined to see President Roosevelt, occurred in the vestibule of the White House shortly before noon Monday. The man, who gave his name as Peter Elliott and who came from Minneapolis, was overpowered by the officers on duty at the White House entrance and carried to a police van which had been summoned. He was placed in the van in the custody of two officers. Seemingly to realize then for the first time that he was under arrest, Elliott began a furious struggle with his captors for liberty. He drew a revolver and attempted to shoot Officer James Cissell. The officer grabbed his hand and crunched the weapon from his grasp. He was taken to the police station and afterward adjudged insane. In Minneapolis, his associates say he had been missing from there several months. He was thought to be peculiar, and talked much of socialism.

Barns from the western part of the state are being shipped through here to Leavitt, Dodge county, where the factory of the Standard Sugar company is located. The factory started their machinery this week, for business. The first shipment received was thirty-five car loads from North Platte, which tested 18 per cent sugar, a much better test than last year's crop produced, and they are large and well formed. The factory managers at Leavitt estimate that they will handle this season over 55,000 tons which will require more than three months to work up. The bests from the western part of the state are said to be much better than those raised in the vicinity of Fremont, the heavy rains doing damage to the crop near the latter place.

On complaint of County Attorney George W. Wertz a warrant was issued out of police court in Schuyler Thursday, for the arrest of Matthew Decker on the charge of running a train through the city at a greater speed than is allowed by ordinance. Decker was the engineer on the Union Pacific train that ran into and killed Mrs. Drapella on September 4. The coroner's jury found the railroad to be at fault for not complying with the ordinance and requested the city and county authorities to take the matter up. Attorney Wertz is prosecuting for the city, as that office is vacant, and the aim is to have flagmen placed at the railroad crossings through the city.

**J. G. REEDER** will receive a large vote outside his own party, not only because he is known as an excellent attorney, but because the people want a judge in the west part of the district. The following from the Central City Nonpareil is indicative of the sentiment expressed all over the district: "James G. Reeder of Columbus, one of the republican candidates for judge in this district, was in town Saturday looking after matters pertaining to his campaign. Mr. Reeder makes friends wherever he goes and impresses all that he is a man worthy of the position of judge. He is not a stranger in this county and will poll a big vote here."

**TUX** David City Banner asks, and the same inquiry is being made throughout the length and breadth of the state: "If Judge Barnes is a railroad tool and a man of limited legal ability why did Sullivan and Holcomb, the two fusion members of the supreme court, favor him as one of the republican members of the supreme court commission? Again, if Barnes is the kind of a man the World-Herald and its satellites through the state represent him to be, why did Judge Sullivan, the democratic nominee say, when re-nominated, the republican nominee was a personal friend of his and that he considered him a worthy rival?"

An inquiry ordered by the Vatican regarding a movement favorable to the establishment of a western Catholic patriarchate to include all Anglo-Saxon countries which might be called semi-independent of Rome has just been completed, according to a dispatch from Rome. Evidence was found of the existence of a movement of this kind among the advanced section of the clergy, especially the French and Irish, who wish to join forces with America to give to the church a more modern and liberal impulse.

If the rumor in the air that the crops of Nebraska are so abundant this year that the railroads are going to be swamped for want of cars enough to move them and will therefore be compelled to raise the freight rates 10 per cent or so, are well founded, the farmers should take time by the forelock and make ample provisions for storing their grain, and holding it for six months, or a year, if necessary. That will pretty effectively relieve the railroads of their panicky feeling.—Dunbar Review.

**Low Rates West via Burlington Route.**  
\$25.00 to Portland, Tacoma, Seattle.  
\$25.00 to San Francisco and Los Angeles.  
\$22.50 to Spokane.  
\$20.00 to Salt Lake City, Butte and Helena.

Proportionately low rates to hundreds of other points, including Big Horn Basin, Wyo., Montana, Idaho, Washington, Oregon, British Columbia, California, etc.  
Every day until November 30.  
Tourist cars daily to California. Personally conducted excursions three times a week.  
Tourist cars daily to Seattle. Inquire of nearest Burlington Route agent. 81

**Well Named Paint**  
The practical painter says, the man who storms at the weather because the paint on his house won't weather the storms, could live a life of sunshine by using  
**Patton's SUN-PROOF Paint**  
Patton's Sun-Proof Paint gives double the service of all-white lead or any ordinary paint. It is made of the most perfect combination of paint materials to stand the severest trial the sun and weather can give it. Guaranteed to keep its gloss and wear well for five years.

**PATTON PAINT CO.,** Lake St., Milwaukee, Wis.  
For Sale by  
**ECHOLS & DIETRICH, Columbus, Neb.**

**ADDITIONAL LOCAL**  
Republican Convention.  
The republican electors of the city of Columbus, Platte county, Nebraska, are hereby called to meet in mass convention at the council chamber Saturday evening, October 10th, at 8 o'clock for the purpose of nominating two justices of the peace, two constables, and for the transaction of any other business which may properly come before the convention.  
E. H. CHAMBERS,  
Chairman Central Committee.

—Monday's Lincoln Journal says: "The Wilson damage suit ended in the district court Saturday evening at 6 o'clock with a verdict from the jury in favor of the Union Pacific railroad company. Wilson was an employee of the railroad at Columbus and while working under an engine was injured. He brought suit for \$25,000, alleging injuries that would incapacitate him from labor. The company alleged that he was simulating injury. The attorneys of the plaintiff will appeal the case to the supreme court."

**Woman's Club.**  
The first general meeting of the year of the Columbus Woman's club was held Saturday afternoon at the home of Mrs. H. P. Oehlrich, with a fairly good attendance present. The election of two officers to take the place of vacancies—Mrs. Rorer, deceased, and Mrs. Post resigned, secretary and treasurer respectively, resulted in the selection of Miss Rosa Wiggins as secretary and Mrs. J. B. Gietzen, treasurer. The new president, Mrs. F. H. Geer, made a speech at the opening of the program outlining the work of the club for the year, and among other things spoke strongly in favor of the idea to work for a public rest room, which would be fitted up for women and children coming from the country, or strangers in the city.

A number of the club members are anxious to work for the promotion of the public library, to secure more books and to arouse more interest among the public for the enlargement of the rooms, etc.  
Mrs. Geer and Mrs. Garlow went today, Tuesday, from here to Fremont as delegates to the state federation which is in session there this week. Miss Bessie Sheldon, who is corresponding secretary for the federation, went down Monday on her hand for the work. Mrs. Reeder and Mrs. Mueser, who were elected alternates, may go, and there will be a number of other ladies present at different times during the week.

At the close of the program, Mrs. Oehlrich served refreshments and among other things some German cake, for which she is noted among her friends as being an adept in baking.  
The Shakespeare department held their first meeting of the year last Tuesday evening at the home of Miss Sheldon, and decided to study the play of King Lear during the winter. The first lesson meeting will be held Tuesday, the 13th, with Mrs. Geer. Rev. Halway will conduct the Shakespeare study this year, and a large number is expected to register in that department.

**Foot Ball.**  
The foot ball game which was played here last Saturday between the Lincoln and Columbus High school teams was witnessed by a large and enthusiastic crowd of people. The Lincoln boys won the game by a score of 31 to 5, but at no time did they find it easy to get through the Columbus line. There were only one long run made and one goal kicked. The visitors did not want to give Columbus credit for the touch down which was made in this way: At the kick-off Howard kicked the ball over the goal line and one of the Columbus boys fell upon it before any of the opposing team had touched it. The Columbus boys feel very much encouraged over the fact that they were even able to score against Lincoln which has held the state championship among the high schools for several years. For this season Lincoln has games with high school teams from Lead, South Dakota, Des Moines, Iowa, and Kansas City, Missouri. The line-up in the game Saturday was:  
Lincoln. Columbus.  
Smith, T. C. P. Farwell, McCord  
Hildebrand, J. C. Francis, Ireland  
McLaughlin, J. C. Francis, Ireland  
Hildebrand, J. C. Francis, Ireland  
Hildebrand, J. C. Francis, Ireland  
Hildebrand, J. C. Francis, Ireland  
Hildebrand, J. C. Francis, Ireland  
Hildebrand, J. C. Francis, Ireland  
Hildebrand, J. C. Francis, Ireland

The referees in the game were Prof. Mueser and Richardson, and the time keepers Lewis and Prof. Kern. Much credit is given Prof. Richardson, the coach for the Columbus boys, who has done some excellent training since school began. The Lincoln team said that the game here was the hardest fought that they have had this year with the exception of the state university, and Columbus made the first score against them this season outside of the university team.

The pupils of the Business college held a meeting Monday to organize a foot ball team, and expect soon to be ready to play with the High school boys. There are a few good players among the students of the college who will make the game interesting.

**Rural Route No. 1.**  
Beth Braun, teacher in district 15, after school Friday, drove to Columbus. Farmers along the route are getting their cattle from the summer pastures. While the weather is fine all the rural carriers have to do is to deliver and collect mail.  
A Lincoln firm put up a fine monument on the grave of Johannes Janssen one day last week.  
Henry G. Lueschen had his barn raised to a rock foundation last week, J. A. Wagner doing the work.  
Mrs. Carl Korte and children visited Mrs. Korte's parents Mr. and Mrs. Viergutz on the Island in Folk county last week.  
The carpenters put the finishing touches to Adolph Mueller's barn last week. Only the painters will still have a chance at it.  
Farmers are nearly through sowing winter wheat, but owing to the rains during August and September the acreage will be less than last year.  
Mr. Carl Ewert was in town Monday taking out a load of coal for the German school at Leoske creek. Coal comes handy already these cool mornings.  
Holman Bros. are very busy in the Leoske creek neighborhood, as they are doing the threshing there. Quite a few stacks are very damp and therefore it is slow work.  
The base ball game last Sunday between the Shell creek and the Oldenbush nines, was a total failure, for a disagreement broke off the whole game at its best point.  
Wild ducks seem to be very plentiful in and around Leoske creek. Sunday a week ago Paul Johannes killed ten and last Sunday Charles Gillet shot sixteen and Mr. Emil Grotzeloeschen seven.

**R. F. D. No. 3.**  
O. L. Baker has just finished putting up a large invoice of hay.  
A very large acreage of winter wheat is being sown along the route.  
We are glad to note W. T. Allen's recovery from his siege of severe sickness.  
J. F. Sieme returned home from his Washington business trip Monday evening.  
Mrs. Decatur Fobes took an early train to Franklin, Neb., Saturday morning.  
A brother of Mr. Bray is here on a visit and is assisting Dan in his duties as game warden of Platte county.  
The school houses in the Götterberg district where Miss Birdie Dodge teaches, is having a five-foot pipe fence placed around it.  
Rev. Ulmer, of the Columbus Baptist church, will occupy the pulpit of the Shell Creek Baptist church a portion of the time during Rev. Papenhause's absence.

Mrs. Elizabeth G. Jarrett, sister of Mr. E. E. Eason of this route, died at her home in Lansdale, Pa., on September 26, of consumption, her age being 55 years, 10 months and 1 day.  
A Ruppert has rented the farm recently sold by Mr. Sheldon to Mr. Schaad. R. F. Lawrence, who now occupies the place, will move in the spring to L. J. Lee's farm three or four miles west of Monroe.

An unusual large number of chickens of different varieties were being taken to market Saturday. They were mostly in the hands of the lady members of the farm who no doubt have given them entire attention from little chicks up.  
O. H. Sheldon & Son are putting up considerable corn-fodder; this being done with a corn-binder, nicely bound in bundles, making it very convenient to handle and run through a corn-shredder makes the finest and richest of cattle feed. Great care should be used in feeding it to stock not used to it as we know of several losses by letting them feed too freely of it on the start.

Peter Schmitt threshed a nice lot of buckwheat last week. Peter is an up-to-date miller and expects to have everything usually produced by a first-class mill. If Peter could only produce some of the maple syrup with his buckwheat, the kind our grandmothers used to make back in the camps of the old Buckeye state, there would be sunshine in our souls for Peter when we sit down to our breakfasts this winter.

**Short-Horn Bulls for Sale.**  
These are a choice lot of young bulls ranging in age from 8 to 10 months. These animals will be sold at a living price. Come and inspect my herd. Farm 2 miles east of Clark, Neb.  
2 ARNOLD F. H. OHLBRECHT.

**PERSONAL MENTION**  
Dr. Voss was in Omaha Friday.  
G. W. Phillips went to Omaha Monday.  
F. L. Ames and B. Ellis are in Omaha today.  
Mr. and Mrs. Farrand went to Omaha Friday.  
Sam Goss went to Clark Monday on business.  
Miss Anna Smith is visiting friends in Humphrey.  
Mrs. Bowdler of Fullerton was in the city Thursday.  
Wm. O'Brien was a business visitor to Omaha Friday.  
Mrs. Miles Ryan made a business trip to Omaha Friday.  
Miss Hazel Millard was in Omaha Saturday and Sunday.  
E. W. North was up from Omaha Sunday visiting friends.  
Mrs. F. T. Walker went to Lincoln Monday to visit with friends.  
Jonnie Wiseman went to St. Edward Saturday to be absent one week.  
Miss Mott and Baby Hensley went to Omaha Friday to visit a few days.  
Mr. and Mrs. A. London returned Friday from a week spent in Omaha.  
Miss Ethel Elliott and Angie Early went to Omaha Friday to visit a few days.  
Mrs. L. C. Voss and Mrs. F. Stevens went to Omaha Friday to see Ben Hur.  
Miss Frances Turner went to Fremont Monday to visit a few days with relatives.  
Mrs. W. D. Benson went to Fullerton Monday for a two weeks' visit with relatives.  
Mrs. Mueser of Council Bluffs, mother of H. B. Mueser, is visiting her relatives here.  
Mrs. Melkus of Fullerton visited her sister Mrs. Leo Borovick from Friday to Monday.  
Judge Sullivan and Commissioner Albert are both in Lincoln attending supreme court.  
Mrs. O. C. Shannon leaves today for Canon City, Colorado, to make a visit to her daughter.  
Mrs. D. Schupbach and "Grandma" Wuehrich went to Omaha Saturday to visit during the carnival.  
Mrs. H. Frick and children are visiting relatives in Omaha and expect to be absent a couple of weeks.  
Mr. and Mrs. George Willard and son George came down from St. Edward Saturday and proceeded to Omaha Monday.  
Mrs. Joseph Dawson of Kansas City arrived here last Tuesday on a visit to relatives. She went to Oconee Friday to visit the Dawsons.  
Miss Rosa Wiggins went to Omaha Friday to be the guest of Miss Courtney Dale. She will also visit in Fremont before returning home.  
Dr. and Mrs. Young of Lincoln came up Saturday to visit relatives. Dr. Young returned Monday and his wife will remain a short time.  
Rev. Father Pacifera, now of Omaha, who was the priest of the Catholic church here about nine years ago, was visiting old friends here Monday.  
Mr. and Mrs. I. Gluck went to Omaha Friday. Mr. Gluck returned Saturday. Mrs. D. N. Newman will go down Thursday to remain for a few days with Mrs. Gluck.  
Mr. and Mrs. O. B. Joffe left Friday for the west, intending to be gone two weeks. They will spend the time in fishing and hunting near Cheyenne and North Platte.  
Mr. and Mrs. R. E. Jones and daughters Misses Emma and Jennie, Hugh Hughes, Miss Louise Davis, Miss Emily Regatt and Henry Regatt are all in Omaha this week.  
Mrs. C. A. Gates of Fullerton arrived here Friday from Granville, New York, where she spent several weeks visiting her parents. She will be the guest for a few days of Mrs. I. E. Gates.  
Mr. and Mrs. Conway of Chicago were in town Monday and left today, Tuesday, for Denver. Mr. Conway travels for a type writer company. Mrs. C. will be remembered here as Miss Grace Taylor.

Mr. and Mrs. Eckhart of Logansport, Indiana, and Mr. and Mrs. Long of Fiqua, Ohio, who have been visiting the families of Wm. Barnes and G. Frischholz, left Wednesday for their homes in the east.  
Mrs. George Scott, Mrs. Frank Schram, Miss Florence Whitmoyer, Miss Myrtle Parker, Mr. and Mrs. Segalke and Miss Emily Segalke were among the number who went to Omaha Friday to see Ben Hur.  
Miss Emma Hoppen, Mr. and Mrs. Henry Goss, Will Hagel, Mrs. Mary Kurt, Mrs. Bremer, Mrs. George Fairchild and daughter Mary, Mrs. L. Leubner, and Mrs. C. G. Jones are among the Omaha visitors today, Wednesday.

**One-Way Rates.**  
Every day from September 15th to November 30th, inclusive, the Union Pacific will sell one-way tickets from Missouri River terminals (Council Bluffs to Kansas City, inclusive) as follows:  
\$30.00 to Ogden and Salt Lake City.  
\$30.00 to Helena and Butte, Montana.  
\$22.50 to Spokane and Wenatchee, Washington.  
\$25.00 to Portland, Tacoma and Seattle.  
\$25.00 to Vancouver and Victoria.  
\$25.00 to Ashland and Astoria, Oregon, via Portland.  
\$25.00 to San Francisco, Los Angeles and San Diego.  
Correspondingly low rates to many other California, Oregon, Washington, Montana, Utah and Idaho points.  
For full information call on or address

**A Wonderful Invention.**  
It is interesting to note that fortunes are frequently made by the invention of articles of minor importance. Many of the most popular devices are those designed to benefit the people and meet popular conditions, and one of the most interesting of these that has ever been invented is the Dr. White Electric Comb, patented Jan. 1, 1903. These wonderful combs positively cure dandruff, hair falling out, sick and nervous heads, and when used in connection with Dr. White's Electric Hair Brush are positively guaranteed to make straight hair curly in 25 days' time. Thousands of these electric combs have been sold in the various cities of the Union, and the demand is constantly increasing. Our agents are rapidly becoming rich selling these combs. They positively sell on sight. Send for sample. Men's size 35c, ladies' 50c—half price while we are introducing them. See local column of this paper. The Dr. White Electric Comb Co., Decatur, Ill.
